

Faith-motivated. Science-informed. Hope-inspired.

# Support us in your church

We are a Christian charity working with the Church to inspire greater action on the climate crisis.

# Why support us?

Faith-motivated | Science-informed | Hope-inspired

For 20 years Operation Noah has been inspiring the Church to take action on the climate crisis. We are proud to have played a significant role in rallying UK churches and denominations to respond to human-caused climate change.

From our environmentally-themed Bible study *Tenants of the King*, to the creation of the Climate Sunday service, to getting nearly every UK denomination to divest from fossil fuels, Operation Noah has engaged with thousands of Christians on the climate and nature crises, built coalitions to lobby the government, and moved millions of pounds out of oil, gas and coal.

Our work has expanded in recent years: we are now working with Churches to scale up investment in climate solutions alongside campaigning for more sustainable uses of Church land.

Our goal is to inspire the Church and world to take bolder action on the most urgent scientific, political and theological issue of our time – the climate and nature crisis.

# Our campaigns

Operation Noah inspires churches and Christians to act on the climate crisis, connecting Creation Care with hope and action.

## Church Investment in Climate Solutions

Churches have a vital role to play in accelerating the transition to clean energy and financing a liveable future. We are calling on the Church to act prophetically, show leadership, and invest in solutions that tackle the climate crisis.

## Sustainable Church Land Use

Did you know that collectively the Church is one of the largest landowners in England? We are calling on UK churches to ensure that their land is part of the solution by growing trees, restoring peatland and supporting Farm Net Zero.

## The Big Bank Switch

'Money is the oxygen on which the fire of global warming burns', said Christian environmentalist Bill McKibben. Despite the need to cut emissions, major UK banks are continuing to finance fossil fuel expansion. We're calling on Christians to switch to a fossil-free bank.

## Partner Campaigns

Operation Noah supports other environmental campaigns, including the movement for a Climate and Nature Bill, the Stop Rosebank campaign and the Fossil Fuel Non-Proliferation Treaty.

# How can your church partner with Operation Noah?

## Support us financially

Help tackle the climate crisis by financially supporting our campaigns – we rely entirely on generous donations to fund our vital work:

- Support us with your **mission giving**. Regular donations help us plan for the future and create lasting change.
- Give a **one-off gift** or hold a **fundraising event** in your church.

Scan the QR code to make a donation.

## Campaign with us

Sign up to be an Operation Noah Champion and join us in advocating for the UK Church and Government to take more decisive action in addressing climate change.

## Sign the Green Investment Declaration

Sign the Green Investment Declaration and promote church investment in climate solutions.
